INDEPENDENT AUDITOR'S REPORT

To the Members of City Council City of Glenwood Springs Glenwood Springs, Colorado

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Glenwood Springs, (the "City"), as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the City. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above presently fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glenwood Springs, as of December 31, 2011, and the respective changes in financial position and cash flows, where appropriate, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 6, 2012 on our consideration of the City's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control of financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Accounting principles generally accepted in the United States of American require that the Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to not provide us with sufficient evidence to express an opinion or provide any assurance.

**To the Members of City Council
City of Glenwood Springs, Colorado**

The budgetary schedules in Section E are not a required part of the City's basic financial statements but are supplementary information required by Governmental Accounting Standards Board. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. Accompanying supplementary information in Section F, including individual non-major fund budgetary statements, combining internal service fund financial statements, and the Local Highway Finance Report, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Additionally, the Schedule of Expenditures of Federal Awards included in the single audit section is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The individual non-major fund budgetary statements, combining internal service fund financial statements, the Local Highway Finance Report, and the Schedule of Expenditures of Federal Awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Glenwood Springs, Colorado

Management's Discussion and Analysis
December 31, 2011

As management of the City of Glenwood Springs (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2011.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the City include general government, transportation, public safety, community development, public works and culture and recreation. The business-type activities of the City include water and sewer operations, electric distribution operation, airport and landfill operations.

The government-wide financial statements can be found in Section C of this report.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. The City's major governmental funds include the General Fund, Street Tax Fund, Capital Projects Fund, and the Acquisition and Improvement Fund. The City also reports a number of non-major governmental funds.

Overview of the Financial Statements (continued)

Governmental Funds (continued): Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City adopts an annual appropriated budget for all governmental funds. A budgetary comparison statement has been provided for all funds to demonstrate compliance with state budget statute.

The basic major governmental fund financial statements can be found in Section C.

Proprietary Funds: The City reports two categories of proprietary funds - Internal Service and Enterprise. The Fleet Service Fund, an internal service fund created in 2007, provides vehicle and equipment replacement and maintenance services to the City's governmental and enterprise activities. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses Enterprise Funds to account for its Water and Sewer, Electric Distribution, Airport and Landfill Operations.

Proprietary Funds provide the same type of information as the government-wide financial statements, only in more detail. The Proprietary Fund financial statements provide separate information for each of the business-type services provided by the City, each of which is considered to be a major fund of the City.

The basic Proprietary Fund financial statements can be found in Section C of this report.

Fiduciary Funds: Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for Fiduciary Funds is much like that used for Proprietary Funds. The Fiduciary Funds used by the City are the Cemetery Reserve and the Volunteer Firemen's Pension Plan.

The basic Fiduciary Fund financial statements can be found in Section C of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found in Section D of this report.

Government-wide Financial Analysis:

Net Assets:						
Invested in capital assets, net of related debt	90,120,246	71,875,207	22,627,362	35,396,033	112,747,608	107,271,240
Restricted	1,200,520	2,289,650	-	310,000	1,200,520	2,599,650
Unrestricted	16,172,425	13,635,951	13,443,191	16,970,368	29,615,616	30,606,319
Total Net Assets	107,493,191	87,800,808	36,070,553	52,676,401	143,563,744	140,477,209

Government-wide Net Assets and Activities:

Traditionally, the largest portion of any municipality's investments is in its capital assets. Land, buildings, equipment, machinery, and specialized tools are necessary in order to deliver and/or provide services to the City's residents and visitors. The City's capital assets account for 77% of its total assets; these assets are not an available source for payment of future spending. Of the remaining \$45,280,636 in assets, \$633,731 is restricted for TABOR reserve, \$54,922 is restricted for police asset forfeitures, \$291,817 is restricted for general obligation bond payments, and \$220,050 is restricted by enabling legislation.

At the end of the 2011 fiscal year, the City is able to report positive balances in all three categories of net assets, first for the government as a whole, and then as separate governmental and business-type activities.

The City's net assets increased \$3,086,536 during the current fiscal year. The increase in governmental activities can primarily be attributed to the City's investment in capital assets and debt reduction. The decrease in business-type activities is primarily due to construction costs incurred for the new wastewater facilities for the City's water and sewer utility.

Change in Net Assets	19,692,384	17,188,409	(16,605,848)	(14,244,073)	3,086,536	2,944,336
Net Assets - Beginning	87,800,807	70,612,399	52,676,401	66,920,474	140,477,208	137,532,873
Net Assets - Ending	107,493,191	87,800,808	36,070,553	52,676,401	143,563,744	140,477,209

Governmental Activities: Governmental activities increased the City's net assets by \$19,692,384. Significant events impacting 2011 are:

- Governmental Activities received transfers from business-type activities in the amount of \$17,721,408. The majority of this funding is to be used for the construction of the City's new wastewater facilities.
- Revenues decreased \$1,448,415 over the prior year, as fewer patrons undertook charges for services, and the City's return on investment declined. Expenditures decreased slightly over 2%.
- The City has historically contributed capital assets from the Capital Projects Fund to the business-type activities funds. The business-type activities funds also share the cost of general government overhead functions. The reimbursement of overhead from business-type activities to governmental activities has assisted the governmental activities in maintaining an overall positive net asset position.

Government-wide Financial Analysis (continued):

Business-type Activities: Business-type activities decreased the City's net assets by \$16,605,848. Key elements of this increase are as follows:

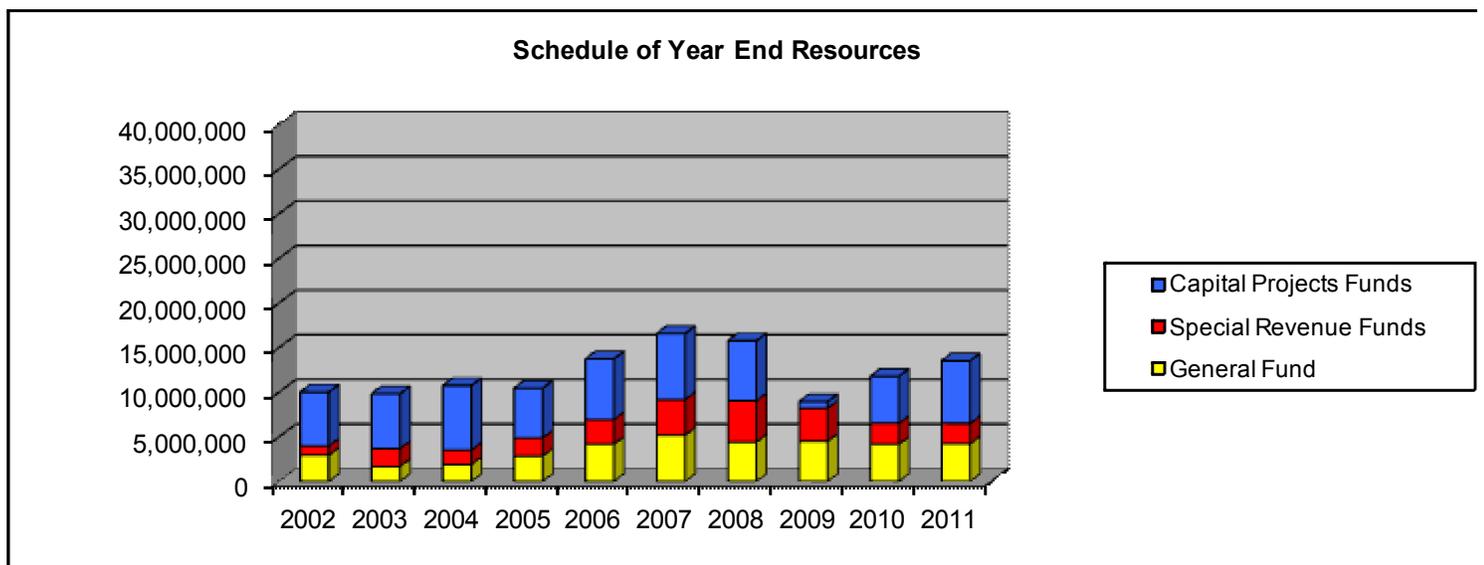

- The Water and Sewer Fund's net assets decreased \$14,953,562, as the fund made transfers to the City's Capital Projects Fund for the construction of the new wastewater facility. The fund entered into loan agreement in the amount of \$31,460,100 to fund this construction.
- The Electric Fund's net assets decreased \$127,267. This decrease is due primarily to less commercial revenue. The fund received \$186,138 in developer contributions. The Fund's available cash increased by \$27,133.
- The Landfill Fund's net assets decreased \$1,511,538. This decrease is largely due to transfers out to other funds totaling \$1,800,000. In 2007, the Landfill Fund advanced \$435,767 to the Downtown Development Authority for the purchase of property, which is being repaid in installments. Cash in this fund decreased \$1,760,101.

Financial Analysis of the City's Funds

As mentioned earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

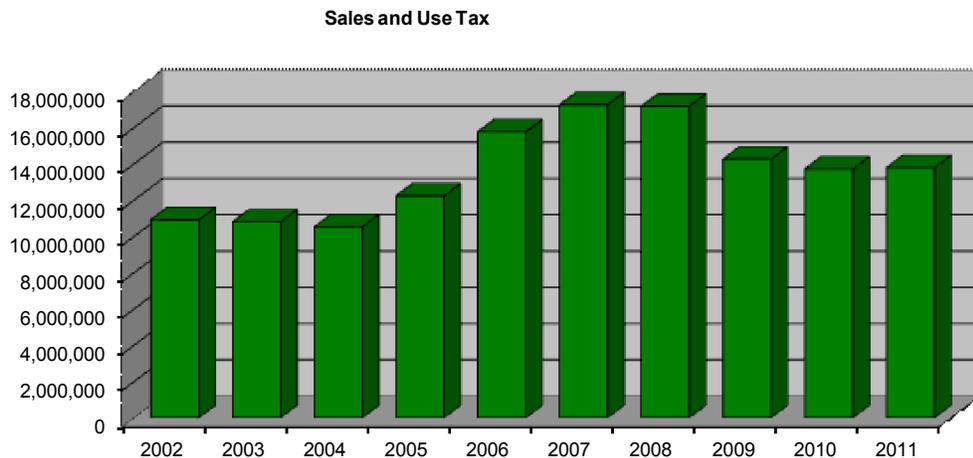

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$13,526,360, an increase of \$1,743,206 from the prior year ending fund balances. This increase can be attributable to transfers in from the City's business-type funds to offset the costs of undertaking new projects in the Capital Projects and Acquisition and Improvement Funds. The following graph provides a view of the City's ending fund balances:

Financial Analysis of the City's Funds (continued)

Governmental Funds (continued):

The City's primary funding of governmental activities is sales and use tax. The following chart represents changes in the City's sales and use tax revenue:

Sales tax in 2011 increased slightly over 2010 results. Additionally, governmental funds received a total of \$17,721,408 in operational transfers in from proprietary funds, before accounting for any capital contributions between fund types. These transfers were approved to primarily cover capital asset activity and to subsidize operational costs.

Proprietary Funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The City's proprietary funds had ending net assets of \$36,070,552 broken down by fund as follows: Water and Sewer - \$2,444,765, Electric - \$27,351,522, Airport - \$85,147 and Landfill - \$6,189,118. The net assets listed previously include fixed assets. Unrestricted net assets available at year-end broken down by fund is: Water and Sewer - \$2,739,328, Electric System - \$4,636,389, Airport - \$41,351, and Landfill Operations - \$6,026,122.

The approved budget for 2011 includes transfers from the Enterprise funds only for debt requirements and the funding of capital costs.

Financial Analysis of the City's Funds (continued)

Budget Variances in the General Fund: The following significant variances were noted in the General Fund:

<u>Account</u>	<u>Variance Positive (Negative)</u>	<u>Reason</u>
Revenues:		
General sales tax	\$ (387,434)	While sales tax increased year over year, it failed to meet budget expectations.
Building permits	(115,647)	Throughout the City there are less construction projects
County road and bridge	(149,376)	Budget anticipated in relation to the prior year actual
Expenses:		
Recreation	264,473	Staffing cutbacks
Police department	213,076	Overall staffing shortages within department, as well as receiving grant reimbursements for programs undertaken.

Capital Assets: The City's capitalization policy pertains to assets with a purchase value of \$5,000 or greater. Assets of lesser value are treated as operational expenditures. Additional information as well as a detailed classification of the City's net capital assets can be found in the Notes to the Financial Statement in section D.

Long-term Debts: As of the end of the current fiscal year, the City's long-term liabilities totaled \$45,489,487. Additional information as well as a detailed classification of the City's total long-term liabilities can be found in the Notes to the Financial Statements in section D of this report.

Next Year's Budget and Rates: The City's General Fund balance at the end of fiscal year 2011 totaled \$4,230,961. The original 2012 budget anticipates decreasing this balance by \$105,361.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Glenwood Springs, City Finance Director, 101 W. 8th Street, Glenwood Springs, CO 81601.

City of Glenwood Springs, Colorado
Reconciliation of Governmental Funds Balance Sheet to the Statement of Net Assets
December 31, 2011

Governmental Funds Total Fund Balance	13,526,360
Add:	
Capital assets used in governmental activities are not considered current financial resources and, therefore, not reported in the governmental funds.	101,618,902
Internal Service Funds are used by the City to account for the repair and replacement costs of the City's heavy equipment and vehicles. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Activities.	7,976,344
Less:	
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. This is the amount of City long-term liabilities, including accrued interest and deferred costs.	(15,628,415)
Governmental Activities Net Assets	<u><u>107,493,191</u></u>

City of Glenwood Springs, Colorado
Reconciliation of Revenues, Expenditures and Changes in Fund Balances (Deficit)
of Governmental Funds to the Statement of Activities
December 31, 2011

Net Change in Fund Balances of Governmental Funds	1,743,206
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation for the year.	15,935,405
Repayment of bond principal and leases are expenditures in the governmental funds, but the repayment reduces long term liabilities in the Statement of Net Assets. This represents the total principal repayments, the change in accrued interest at year end and amortization of debt-related deferrals.	1,998,709
Changes in the City employees' accrued compensated absences are considered changes in long-term liabilities. This is the amount that accrued compensated absences increased.	(88,079)
Internal service funds are used by management to charge costs of various activities to the general and other funds. The net income or loss of the internal service funds are included in the governmental activities statement of activities.	112,143
In the Statement of Activities only the gain or loss on the sale and disposal of assets is reported, whereas in governmental funds, only the proceeds which increase current available resources is reported.	(9,000)
Governmental Activities Change in Net Assets	19,692,384

NOTES TO THE FINANCIAL STATEMENTS

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011

I. Summary of Significant Accounting Policies

The City of Glenwood Springs, Colorado, ("City"), is located in Garfield County, Colorado and its major operations include police and fire protection, road maintenance, ambulance, airport, utilities and culture and recreation.

The City's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board ("FASB") issued through November 30, 1989, when applicable, that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established by GAAP used by the City are discussed below.

A. Reporting Entity

In 1966, the City became a "Home Rule City" (a municipal corporation, as defined by Colorado Revised Statutes). The City is governed by an appointed Mayor and an elected City Council which is responsible for setting policy, appointing administrative personnel and adopting an annual budget in accordance with state statutes. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City (the primary government) and its component units. Additional separate governmental units, agencies, or non-profit corporations are included in the financial statements of the City since they were discovered to fall within the oversight responsibility based upon the application of the following criteria: financial accountability, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

B. Blended Component Units

In conformity with generally accepted accounting principles, the financial statements of the following component units have been included in the financial reporting entity as blended component units.

- General Improvement District Number 1980 (the "District"); the District's primary purpose is to provide infrastructure improvements to specific areas within the City's downtown area. The District's primary funding source is an ad valorem tax. The District's boundaries are entirely within the City's boundaries. Although the District is legally separate from the City, the District and the City are related through a common governing board. For financial reporting purposes, the District is reported as if it were part of the City's operations because the City is able to impose its will on the District and City Council acts as the District's *de facto* governing board.
- Downtown Development Authority (the "Authority"); the Authority's primary purpose is to develop and implement a downtown development and redevelopment plan for the central business area. The Authority's boundaries are entirely within the City's boundaries. The Authority exists only with the City's express consent. Although the Authority is legally separate from the City, the Authority and the City are related through a common governing board. For financial reporting purposes, the Authority is reported as if it were part of the City's operations because the City is able to impose its will on the Authority and City Council acts as the Authority's *de facto* governing board.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011

I. Summary of Significant Accounting Policies (continued)

C. Government-wide and Fund Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's police and fire protection, road maintenance, culture and recreation, community development, transportation systems, and administration are classified as governmental activities. The City's utilities, airport and landfill are classified as business-type activities.

1. Government-wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions, that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

The government-wide focus is on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year's activities.

2. Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The City reports the following major governmental funds:

- (a) *General Fund* - This fund is established to account for resources devoted to financing the general services that the City performs for its citizens. General tax revenues and other sources of revenue used to finance the fundamental operations of the City are included in this fund. The fund is charged with all cost of operating the government for which a separate fund has not been established.
- (b) *Street Tax Fund* - accounts for revenues received from one-half (1/2)% sales tax levied for transportation related projects.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

C. Government-wide and Fund Financial Statements (continued)

2. Fund Financial Statements (continued)

- (c) *Capital Projects Fund* – accounts for major City Projects which are financed by one-half (1/2) cent sales tax.
- (d) *Acquisitions and Improvements Fund* - accounts for revenues and expenditures received from a 1.00% sales tax and special assessments levied for capital improvements purposes.

The City reports the following major propriety funds:

- (a) *Water and Sewer Fund* - accounts for activities of the fund that supplies water and sewer services to the citizens of the City. City water is provided on a metered basis.
- (b) *Electric System Fund* - accounts for activities related to the purchase and delivery of power within the City limits.
- (c) *Airport Operations Fund* - accounts for activities related to user charges and maintenance expenses for the airport.
- (d) *Landfill Operations Fund* - accounts for the activities related to the operations of the City landfill and recycling program.

The City reports the following non-major governmental funds:

- (a) *Tourism Fund* - accounts for funds received from a two and one-half percent rent tax on accommodations. Expenditures are restricted for tourism promotion purposes.
- (b) *Victims Assistance and Law Enforcement Fund (V.A.L.E.)* - accounts for funds received from a surcharge for violation of all municipal ordinances and violations of the Model Traffic Code. Expenditures are restricted to victims' and witnesses' services and reimbursements and to Police Department equipment purchases, training, and additional personnel costs.
- (c) *Conservation Trust Fund* - accounts for funds received and restricted as to use in the acquisition, development and maintenance of new conservation sites pursuant to Colorado Revised Statutes.
- (d) *Bus Tax Fund* - accounts for the .2% sales tax designated towards "Ride Glenwood Springs" bus service.
- (e) *Fire and Ambulance Fund* – accounts for fire and ambulance services performed by the City and Rural Fire District.
- (f) *Downtown Development Authority* – A blended component unit, was established by a vote of the citizens in 2001 for the purpose of revitalizing the downtown corridor and building a parking structure.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

C. Government-wide and Fund Financial Statements (continued)

2. Fund Financial Statements (continued)

- (g) *General Improvement District Number 1980 Fund* - the District's primary purpose is to provide infrastructure improvements to specific areas within the downtown area. The District's primary funding source is an ad valorem tax.
- (h) *Emergency Services Equipment Replacement Fund* - accounts for revenues received on a pro-rated basis from the Glenwood Springs Rural Fire Protection District and transfers from the General Fund for the purchase of emergency services, facilities and equipment.

The City also reports the following fiduciary funds which are not included in the government-wide statements since the resources of the fund are not available to the City:

- (a) The *Cemetery Reserve Fund* accounts for funds received and restricted for the maintenance and care of the Rosebud Cemetery.
- (b) The *Firemen's Pension Fund* accounts for the retirement plan established for the City's volunteer firemen through the Fire and Police Pension Association.

Additionally, the City reports the following Internal Service Fund:

Fleet Service Fund - accounts for the repair and maintenance costs and the capital replacement plan of the City's vehicles and heavy equipment, excluding fire trucks.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

1. Long-term Economic Focus and Accrual Basis

Both governmental and business-type activities in the government-wide financial statements, proprietary fund financial statements, and fiduciary fund financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

2. Current Financial Focus and Modified Accrual Basis

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, if any, is recognized when due.

3. Financial Statement Presentation

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Financial Statement Accounts

1. Cash and Cash Equivalents

Cash and cash equivalents are defined as deposits that can be withdrawn at any time without notice or penalty and investments with original maturities of three months or less.

2. Investments

Investments are stated at fair value.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

3. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Estimated unbilled revenues from the Electric System Fund and the Water and Sewer Fund are recognized at the end of each fiscal year on a pro rata basis. The estimated amount is based on billings during the month prior to the close of the fiscal year.

4. Property Taxes

Property taxes are assessed in one year as a lien on the property, but not collected by the governmental units until the subsequent year. In accordance with generally accepted accounting principles, the assessed but uncollected property taxes have been recorded as a receivable and as deferred revenue.

5. Inventories

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased on the fund financial statements.

6. Prepaid Items

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

7. Debt Issuance Costs

Issuance costs for long-term bonds and debt payable are recorded and amortized over the term to maturity of the debt, using the straight-line method.

8. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are shown as long-term debt on the Government-wide Statement of Net Assets. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. In accordance with the provisions of GASB No. 16, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that is estimated to be taken as "terminal leave" at retirement.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

9. Capital Assets

Capital assets, which include land, buildings, equipment, vehicles, and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation.

Capital outlay for projects is capitalized as projects are constructed. Interest incurred during the construction phase is capitalized as part of the value of the assets constructed in the business-type activities.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

	<u>Years</u>
Infrastructure	25-40
Buildings	30
Electric plant	40
Electric system and equipment	25
Water and sewer, plant and distribution system	40
Office furniture and equipment	10
Vehicles and tools	5

10. Fund Equity

Governmental accounting standards establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications include Non-spendable, Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of the funds, but also provide clarity to the level of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned fund balance is limited to negative residual fund balance. For further details on the various fund balance classifications, refer to Note IV.J.

11. Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund, are recorded as "due from other funds" or "due to other funds" on the balance sheet when they are expected to be liquidated within a reasonable amount of time. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

I. Summary of Significant Accounting Policies (continued)

F. Significant Accounting Policies

1. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the City's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

2. Proprietary Funds

As required by GASB Statement No. 20, the City has elected to follow for its proprietary funds, all (1) GASB pronouncements and (2) FASB Statements and Interpretations, APB Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, except those that conflict with a GASB pronouncement.

3. Credit Risk

Receivables in the City's funds are primarily due from other governments. Management believes that the credit risk related to these receivables is minimal.

4. Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

5. Subsequent Events

Management has evaluated subsequent events through June 6, 2012; the date these financial statements were available to be released.

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Assets

The governmental fund Balance Sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets of governmental activities* as reported in the government-wide Statement of Net Assets. One element of that reconciliation explains that "Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds." The \$101,618,902 reconciling item represents the book value of capital assets at December 31, 2011.

Another element of that reconciliation states that "Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds." The details of this \$15,628,415 difference represent long-term bonds and loans of \$14,056,107, property leases of \$91,973, accrued interest of \$130,102, compensated absences of \$1,363,157, less deferred debt costs of \$12,924.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

II. Reconciliation of Government-wide and Fund Financial Statements (continued)

A. Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Assets (continued)

Another element of that reconciliation states that “Internal Service Funds are used by the City to account for the repair and replacement costs of the City’s heavy equipment and vehicles. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets”. The result is an increase in net assets of \$7,976,344 within governmental activities.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances and the government-wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance includes a reconciliation between *net change in fund balances of governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide Statement of Activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense”. The details of the net difference of \$15,935,405 are net capital outlay of \$19,158,914 less depreciation expense of \$3,223,509.

III. Stewardship, Compliance, and Accountability

A. Budgetary Information

As required by Colorado statutes and the Home Rule Charter, the City followed required timetables in preparing, approving, and enacting its budget for the ensuing year. The following is a summary of the budget calendar for the 2011 budget year:

- (1) For the 2011 budget year, prior to December 10, 2010, the County Assessor sent to the City the final recertified assessed valuation of all taxable property within the City’s boundaries.
- (2) The City Manager, or other qualified persons appointed by the Council, submitted to the Council, on or before October 15, 2010, a recommended budget which detailed the necessary property taxes needed along with other available revenues to meet the City’s operating requirements.
- (3) A public hearing on the proposed budget and capital program was held by the Council prior to October 15, 2010.
- (4) For the 2011 budget, prior to December 15, 2010, the City Council computed and certified to the County Commissioners a rate of levy that derived the necessary property taxes as computed in the proposed budget.
- (5) After the required public hearing, the City Council adopted the proposed budget by resolution prior to October 15, 2010. The ordinance which legally appropriates expenditures for the upcoming year was passed on or before the first Council meeting in November.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

III. Stewardship, Compliance, and Accountability (continued)

A. Budgetary Information (continued)

- (6) After adoption of the budget ordinance, the City may make by ordinance the following changes: (a) supplemental appropriations to the extent of revenues in excess of the estimated budget; (b) emergency appropriations; and (c) a reduction of appropriations for which originally estimated revenues are insufficient. At any time during the year, the City Council may, by affirmative vote of five or more members, transfer part or all of any unexpended funds from one department, fund, or office to another.

Taxes levied in one year are collected in the succeeding year. Thus, taxes certified in 2010 were collected in 2011 and taxes certified in 2011 will be collected in 2012. Taxes are due on January 1st in the year of collection; however, they may be paid in either one installment (no later than April 30th) or two equal installments (not later than February 28th and June 15th) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 16th.

Budgets are adopted on a basis consistent with generally accepted accounting principles, except for the Water and Sewer Fund, Electric System Fund, Airport Operations Fund, Landfill Operations Fund, and Fleet Service Fund. Annual appropriated budgets are adopted for all funds. The level of control in the budget at which expenditures exceed appropriations is at the fund level. All appropriations lapse at fiscal year end except for the Capital Projects Fund and the Acquisition and Improvement fund, which lapse upon project completion.

During the year, \$3,819,496 of supplemental appropriation ordinances were approved. The budgetary comparison statements reflect the original budget and the final budget after legally authorized revisions were made.

The following funds had supplementary budget appropriations:

Fund	Original Appropriation	Supplemental Appropriation
Fleet Service Fund	2,544,545	2,559,213
Capital Projects	16,580,812	17,180,812
Bus Tax	815,148	1,031,598
Acquisition and Improvements	5,005,353	6,642,867
Tourism	503,171	515,671
GID Improvement District No.1980	63,655	73,655
Downtown Development Authority	456,809	785,173
Landfill Operations	4,713,155	5,713,155

III. Stewardship, Compliance, and Accountability (continued)

B. TABOR Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20; commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR also requires local governments to establish an emergency reserve to be used for declared emergencies only. The reserve is calculated at 3% of fiscal year spending. Fiscal year spending excludes bonded debt service and enterprise spending. The City has reserved \$633,731 which is the approximate required reserve at December 31, 2011.

The City's voters approved a ballot question which will allow the City to collect, retain, and expend the full proceeds of the City's sales and use tax, non-federal grants, fees and other revenues from the date of January 1, 1993 and thereafter. The City may not increase tax rates or add new debt without voter approval.

The City's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits, will require judicial interpretation.

C. Budgetary Information

	Water and Sewer Fund	Electric System Fund	Airport Operations Fund	Landfill Operations Fund	Fleet Service Fund
Excess (deficiency) of revenues over expenditures - budget basis	\$ (16,112,448)	(1,001,105)	\$ (13,482)	(1,513,150)	(319,839)

IV. Detailed Notes on All Funds

A. Deposits and Investments

The Colorado Public Deposit Protection Act (“PDPA”) requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by State regulators. Amounts in deposit in excess of Federal insurance levels must be collateralized. The eligible collateral is determined by PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of collateral must be at least equal to the aggregate uninsured deposits.

At year end, the City had the following investments and maturities:

	Standard & Poors Rating	Carrying amounts	Maturities	
			Less than one year	Less than five years
Deposits:				
Petty cash	Not Rated	\$ 2,710	2,710	-
Checking	Not Rated	8,323,739	8,323,739	-
Savings and money market	Not Rated	258,885	258,885	-
Investments:				
Certificates of Deposit	Not Rated	4,297,107	2,995,504	1,301,603
United States Treasuries	AA+	3,209,741	-	3,209,741
Investment pools	AAAm	15,550,804	15,550,804	-
Corporate	AA+	219,800		
Cash held by Trustee	Not Rated	7,344,498	6,161,998	1,182,500
		<u>\$ 39,207,284</u>		

The City also has \$706,910 invested with its pension fund trustee – FPPA. The City’s holdings in investment pools are comprised of balances with COLOTRUST and C-SAFE, which are investment vehicles established for local government entities in Colorado to pool surplus funds. They operate similarly to money market funds, whereby each share is equal in value to \$1. Investments of the trusts consist of U.S. Treasury bills, notes and note strips, and repurchase agreements collateralized by U.S. Treasury securities. The City has no regulatory oversight for the pools.

Interest Rate Risk: As a means of limiting its exposure to interest rate risk, the City coordinates its investments maturities to closely match cash flow needs and restricts the maximum investments term to less than five years from the purchase date. As a result of the limited length on maturities, the City has limited its interest rate risk.

Credit Risk: State law and City policy limit investments to those authorized by State statutes including U.S. Agencies and 2a7-like pools. The City’s general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would expect to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

Concentration of Credit Risk: The City diversifies its investments by security type and institution. Investments may only be made in those financial institutions which are insured by the Federal Deposit Insurance Corporation, the Federal Home Mortgage Association, the Federal Savings and Loan Insurance Corporation, Congressionally authorized mortgage lenders and investments that are federally guaranteed. Financial institutions holding City funds must provide the City with a statement of collateral in the form of a listing of securities pledged, and a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository.

B. Receivables

Receivables as of year-end for the City's funds, including applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Street Tax Fund</u>	<u>Capital Projects Fund</u>	<u>Acquisition and Improvement</u>
Receivables:				
Taxes	\$ 1,856,863	209,866	209,866	419,732

IV. Detailed Notes on All Funds (continued)

C. Capital Assets (continued)

The City had capital outlay and depreciation expense for the following functions:

	<u>Capital Outlay</u>	<u>Depreciation Expense</u>
Governmental Activities:		
General government	\$ 1,621,353	266,962
Transportation	-	493,224
Public safety	12,300	364,388
Community development	50,467	1,682
Public works	16,531,165	1,731,084
Culture and recreation	3,244,733	780,076
Total Governmental Activities	<u>\$ 21,460,018</u>	<u>3,637,416</u>
Business-type Activities:		
Water and sewer	\$ 93,336	943,012
Electric	563,838	889,890
Airport	-	8,883
Landfill	1,612	12,315
Total Business-type Activities	<u>\$ 658,786</u>	<u>1,854,100</u>

The difference between fixed asset additions and capital outlay include contributed assets and projects initially capitalized and subsequently expensed.

D. Interfund Receivables, Payables, and Transfers

In 2007, Landfill Operations loaned to the Downtown Development Authority \$435,767 to acquire real property. Terms of the Interfund loan are annual principal and interest payments beginning August 2008 through August 2027. Annual interest rate is fixed at 5.91%. At December 31, 2011, principal amount outstanding on this loan was \$383,511. Interest payments made by the Downtown Development Authority to Landfill Operations during 2011 totaled \$23,505.

The City had the following interfund receivables or payables as of December 31, 2011:

	<u>Due from</u>	<u>Due to</u>
General Fund	\$ -	211,269
Landfill Operations	-	383,511

E. Governmental Funds Long-term Debt

1. Revenue and General Obligation Bonds

- (a) \$2,298,217 Government Agency Bonds dated September 15, 1998, issued to evidence the loan agreement of the same date with the Colorado Water Resources and Power Development Authority. The bond bears an effective interest yield of 4.454%, payable April 1 and October 1 from 1999 through 2012. Principal on this issue matures October 1 of each year from 1999 through 2012.
- (b) \$4,999,017 Government Agency Bonds dated May 1, 1999, issued to evidence the loan agreement of the same date with the Colorado Water Resources and Power Development Authority. The bond bears an effective interest yield of 3.77%, payable April 1 and October 1 from 1999 through 2018. Principal on this issue matures April 1 and October 1 of each year from 1999 through 2018.
- (c) \$19,040,000 Sales and Use Tax Revenue Bonds dated February 15, 1999, bearing an effective interest rate of 4.5633%, payable April 1 and October 1 each year thereafter until maturity. Principal on this issue matures October 1 of each year through 2018.

Bonds of this issue maturing before October 1, 2009, are not redeemable prior to their respective maturity dates. Bonds of this issue maturing on or after October 1, 2009, are redeemable in whole or in part. The redemption price is equal to the principal amount thereof and accrued interest to the date of redemption, plus a premium ranging from 0% to 1% of the principal amount of the bonds.

Bonds of this issue maturing on October 1, 2018, are subject to mandatory sinking fund requirements. The revenues derived from the 1.0% portion of the City's effective 3.7% sales and use tax are pledged for payment of bonds of this issue. This bond issue is MBIA insured.

These bonds were advanced refunded in 2010 with Sales and Use Tax Refunding Bonds, Series 2010.

- (d) \$3,695,000 Limited Tax General Obligation Bonds dated March 15, 2001, bearing interest rates ranging from 4.0% to 5.05%. The revenues derived from an ad valorem mill levy imposed annually through December 31, 2020, upon all taxable property within the City are pledged for this bond issue. The issue is subject to mandatory sinking fund requirements. This bond issue is insured by Financial Security Assurance, Inc. The proceeds are to be used for the acquisition and construction of fire department buildings and equipment.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

IV. Detailed Notes on All Funds (continued)

E. Governmental Funds Long-term Debt (continued)

1. Revenue and General Obligation Bonds (continued)

- (e) \$11,825,000 Sales and Use Tax Revenue Refunding Bonds dated March 9, 2010, bearing interest rates ranging from 2.0% to 3.4%. This offering advance refunds the City's Sales and Use Tax Revenue Bonds, Series 1999.

Bonds of this issue maturing on October 1, 2018, are subject to mandatory sinking fund requirements. The revenues derived from the 1.0% portion of the City's effective 3.7% sales and use tax are pledged for payment of bonds of this issue. The City's Acquisition and Improvement Fund will service these bonds.

2. 2002 SIB Loan

In 2002, the City entered into a loan agreement with the State Infrastructure Bank via the Colorado Department of Transportation to purchase property for possible Highway 82 relocation. The original principal balance was \$1,500,000 with annual payments of \$166,990. The loan has a stated interest rate of 2% and matures in 2012.

3. Land Lease Payable

On December 29, 2000, the City entered into an installment purchase agreement (\$1,000,000) for the purchase of land located within the City limits. Repayment terms include equal annual installments of \$99,631 over a period of eleven years. The annual interest rate in relation to this note is 8.33%.

4. Compensated Absences

The City has a policy for the accumulation of sick pay, vacation pay and compensatory time up to certain limits. Earned vacation pay accrues on a graduated scale from the date of employment but may not exceed 52 days. Sick pay may be accumulated to a maximum of 120 days; upon retirement, an employee's accrued sick leave may be converted to monetary payment at their current rate of pay for 100% of the amount accrued. In lieu of accruing and receiving additional sick leave, an employee who has accrued 120 days will be compensated as follows; in money at current salary or hourly rate for half of the accrued days in excess of the 120 days or in vacation leave at a ratio of 1 day for every 2 days sick leave. In lieu of overtime compensation, an employee may bank compensatory time at the rate of 1½ hours for every hour worked up to a maximum of 40 hours.

F. Business-Type Long-term Debt

1. Revenue and General Obligation Refunding Bonds

- (a) \$1,770,000 Water and Sewer Revenue Refunding Bonds - 2003 issue, bearing interest rates ranging from 2.00% to 3.25%, payable on June 1 and December 1 of each year through 2013. Principal matures year to year from 2003 to 2013. The bonds are revenue obligations of the City and are not general obligation bonds of the City. The bonds were issued to refinance the outstanding water and sewer bonds of the City. These bonds were advanced refunded as part of the City's Water and Sewer Revenue Bonds, Series 2010.
- (b) \$2,845,000 of Electric System Revenue Bonds bearing interest between 4.0% and 4.5% depending on maturity. The bonds matured in 2011. The proceeds were used for construction of a maintenance facility and municipal operation center.

F. Business-Type Long-term Debt (continued)

1. Revenue and General Obligation Refunding Bonds (continued)

(c) \$31,460,100 Water and Sewer Revenue Bonds, Series 2010, issued by Colorado Water Resources and Power Development Authority ("CWRPDA") on behalf of the City's utility enterprise, per a loan agreement dated May 1, 2010. Repayment terms are through August, 2032. The City's annual interest is 2.5%. The proceeds are to be used to construct a regional wastewater plant, lift station and upgrades to the distribution system.

2. Annual Debt Service Requirements

The following is a summary of annual debt service requirements to maturity for business-type activities:

Year Ended December 31,	Water and Sewer Revenue Loan
2012	1,941,510
2013	1,953,155
2014	1,958,708

IV. Detailed Notes on All Funds (continued)

H. Landfill Closure and Post-Closure Costs

State and federal laws and regulations require the City to perform certain closure and post-closure maintenance of the landfill site for thirty years after closure. In addition to operating expenses relating to current activities of the landfill, an expense provision and related liability are being recognized based on the amount of landfill used during the year. The estimated liability for landfill closure and postclosure care are based upon an estimate of the landfill used during the year. The estimated liability for landfill closure and postclosure costs is \$1,079,582 and \$633,096, respectively. As of December 31, 2011, the liability for closure and postclosure is \$539,791 and \$316,548. The December 31, 2011 liability is based upon the usage (filled) of the landfill and is shown in these financial statements as an accrued liability in the Landfill Fund. It is estimated that an additional \$856,339 will be recognized as closure and postclosure care expenses between the date of the balance sheet and 2027, the date the landfill is expected to be filled to capacity.

The estimated total current cost of the landfill closure and postclosure cost, \$856,339 is based upon the estimated amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31, 2011.

The actual costs of closure and postclosure may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The City is required by state and federal laws and regulations to provide adequate financial resources to pay for all closure and postclosure care. The remaining portion of anticipated future inflation costs and additional costs that might arise from changes in postclosure requirements (due to changes in technology or more rigorous environmental regulations, for example) may need to be covered by charges to future landfill users, taxpayers, or both.

I. Advance Refunding

The City has advance refunded several general obligation and revenue bonds. Sufficient U.S. government, state and local government securities were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered to be defeased and the liability has not been recorded on the financial statements. The amount of defeased bonds outstanding at December 31, 2011 cannot be readily determined.

IV. Detailed Notes on All Funds (continued)

J. Fund Balance Disclosures

The City classifies governmental fund balances as follows:

Non-spendable – includes fund balance amounts inherently non-spendable since they represent inventories, prepaid items, and long-term portions of loans receivable.

Spendable Fund Balance:

Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation. The City has restricted \$633,731 for TABOR reserves, \$64,922 for police forfeitures, \$291,817 for debt service and \$220,050 by enabling legislation.

Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority, which is the City Council. The City's original budget legislation begins with combining historical data, assessment of needs for the upcoming year and the City's platform to review and/or make changes to each department's budget. The budget is formally presented to the City Council via an advertised public process for the review, revisions and final approval by year-end. All subsequent budget requests made during the year, after City Council approval, must be presented via a public process and again approved by the City Council.

Assigned – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the City Council or its management designees.

Unassigned – includes residual positive fund balance within the General Fund, which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City's restricted amounts are to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit this, such as grant agreements that require dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts when expenditures are made.

V. Other Information

A. Pension Plans

All City employees, except police and fire, participate in the Federal Social Security system for which the City has no liability except for amounts withheld and related statutory matching amounts. In addition, the City has established two contributory pension plans.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

V. Other Information (continued)

A. Pension Plans (continued)

1. Contributory Pension Plan (IRS Section 401(k))

All full-time employees of the City are eligible to participate in the plan. Eligibility is after six months of employment with enrollment dates of the first day of each month. An employee must have six months of employment at the enrollment date. The City contributes 4% of the base pay of all eligible City employees. In addition, all eligible employees may contribute, for which the City will match up to an additional 3%. Employee contributions are fully vested and City contributions become fully vested after five years. The non-vested contributions that are forfeited are allocated to the remaining plan participants. The City has no liability under the plan beyond the requirement to make the aforementioned contributions. The plan is administered by Daily Access Concepts. Total payroll for the year was \$10,467,202 and current year payroll for employees covered under the plan was \$9,492,400. The City's contributions were \$593,862.

2. Contributory Pension Plan (IRS Section 401(a))

All City police and fire employees are eligible to participate in this plan, in lieu of Social Security benefits. Eligibility is at the date of employment. The employee and the City contribute 7 1/2% of compensation to this plan. Employee contributions are fully vested, and the City's contributions become fully vested after five years. If the employee does not become eligible for the benefits, the forfeitures are divided among the plan participants. The City has no liability under the plan beyond the requirement to make the aforementioned contributions. The plan is administered by Daily Access Concepts. Total payroll for the year was \$10,467,202 and current year payroll for employees covered under the plan was \$3,496,476. The City's contributions were \$260,165.

3. Volunteer Firemen's Pension Fund

Plan Description: The City, on behalf of its volunteer firemen, provides a defined benefit pension plan which is affiliated with the Colorado Fire and Police Pension Association ("FPPA"). Assets of the plan are commingled for investment purposes in the Fire and Police Member's Benefit Fund, an agent multiple-employer defined benefit pension plan administered by FPPA. The plan provides retirement benefits for members and beneficiaries according to the plan provisions as enacted and governed by the Board of Directors of the plan. Title 31, Article 30 of the Colorado Revised Statutes ("CRS"), as amended, establishes basic benefit provisions under the plan. The activity for the Firemen's Pension Trust Fund has been reported in these financial statements.

Funding Policy: The City contributed to the plan in 2011. There were no contributions from participants.

Annual Pension Costs: For the fiscal year ended December 31, 2011, the annual pension costs were \$108,045. Eligible firemen presently receive \$500 per month in pension benefits.

V. Other Information (continued)

A. Pension Plans (continued)

3. Volunteer Firemen's Pension Fund (continued)

Actuarial Information: The Annual Required Contribution ("ARC") for the January 1, 2011 (the last available year) was determined by the FPPA actuary, or an actuarial firm designated by FPPA using the "entry age normal" cost method and is as of January 1, 2009. The significant actuarial assumptions used in the valuation as of January 1, 2009, were: (a) life expectancy of participants obtained from the 1983 Group Annuity Mortality Table loaded for fire and police experience; (b) retirement age assumption of age 50 with 20 years of service; (c) pension benefits at \$525 per month with 20 years, or \$26.25 per year of service between 10 and 20 years; and (d) investment return of 8% per annum net of operating expenses.

For the purpose of this actuarial study, plan assets were valued at fair value using quoted market prices. The study uses a level amortization period over a period of 20 years, up to a maximum of 40 years.

Listed below is the required disclosure for the most recent actuarial valuation, prior evaluations are not available as the City joined the plan in 1997.

Actuarial valuation date	Net assets available for benefits (a)	Actuarial accrued liability (b)	Unfunded actuarial liability (funding excess) (c)	Funded ratio (a)/(b)
1/1/1997	\$ 545,609	274,607	-271,002	199%
1/1/1999	687,733	393,630	-294,103	175%
1/1/2001	818,845	590,928	-227,917	139%
1/1/2003	772,828	636,148	-136,680	121%
1/1/2005	806,515	831,758	25,243	97%
1/1/2007	946,200	1,020,629	74,429	93%
1/1/2009	817,542	1,028,580	211,038	79%
1/1/2011	782,947	1,110,964	328,017	70%

B. Post-Employment Health Care Benefits

All City employees covered by COBRA insurance may continue their health insurance due to a reduction in work hours or termination of employment (for reasons other than "gross misconduct") for up to 18 months after the occurrence of one of these events. Eligible dependents may continue coverage for up to 36 months. Employees who elect continued coverage must pay the City for premiums from the termination date of coverage and monthly thereafter. Retirees and their dependents can stay on the medical, dental and vision insurance until they are eligible for Medicare. The employee pays the total premiums for any elections. No cost to the City is recognized as employees reimburse 100% of their premium cost.

City of Glenwood Springs, Colorado
Notes to the Financial Statements
December 31, 2011
(Continued)

V. Other Information (continued)

C. Cafeteria Plan

The City offers a cafeteria plan organized under IRS Sections 125 and 129. It allows employees to pay premiums for some insurances tax free, contribute to medical spending accounts and contribute to dependent care spending accounts. No cost to the City is recognized as the plan is a salary reduction plan.

D. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

E. Claims

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City attorney the resolution of these matters will not have a material adverse effect on the financial condition of the government.

F. Risk Management

1. Colorado Intergovernmental Risk Sharing Agency

The City is also exposed to the risks of loss related to torts; theft of, damage to, and destruction of assets; and errors and omissions. To address such risks, the Town is a participant in a public entity risk pool administered by Colorado Intergovernmental Risk Sharing Agency ("CIRSA").

CIRSA's operations are funded by contributions from member governments. Coverage is provided in the amount of \$250,000 per claim or occurrence for property, \$1,000,000 per claim or occurrence for liability, and \$150,000 per claim or occurrence for crime. CIRSA has also acquired additional excess coverage from outside sources. While the City may be liable for any losses in excess of this coverage, the City does not anticipate such losses at December 31, 2011.

Surpluses or deficits realized by CIRSA for any given year are subject to change for such reasons as interest earnings on invested amounts for those years and funds, re-estimation of losses for those years and funds, and credits or distributions from surplus for those years and funds.

A copy of CIRSA's audit report can be obtained by writing to CIRSA, 3665 Cherry Creek North Drive, Denver, CO 80209, or by calling (800)-228-7136.

V. Other Information (continued)

G. Commitments and Contingencies

1. Lease for Operations Management at South Canyon Landfill

On June 1, 2009, the City entered into an operations management agreement (the "Agreement") with South Canyon Waste Systems LLC., to provide operations management for the City's South Canyon Landfill (the "Landfill"). The Agreement was effective as of May 1, 2009 through March 31, 2014, with provisions for four (4) additional five (5) years terms. The Agreement was amended on August 17, 2009 to provide for certain expansion work to be undertaken at the Landfill. Future minimum lease payments for years subsequent to December 31, 2011 are as follows:

Year ending March 31	
2012	\$ 1,985,000
2013	1,985,000
2014	1,985,000
Total	<u>\$ 5,955,000</u>

At December 31, 2011, the City had incurred \$1,985,000 under the terms of the lease agreement.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

**To the Members of City Council
City of Glenwood Springs
Glenwood Springs, Colorado**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Glenwood Springs as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 6, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

**To the Members of City Council
City of Glenwood Springs, Colorado**

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

**To the Members of City Council
City of Glenwood Springs
Glenwood Springs, Colorado**

Compliance

We have audited the compliance of the City of Glenwood Springs (the "City") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2011. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of Glenwood Springs complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

**To the Members of City Council
City of Glenwood Springs, Colorado**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to indentify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
